

CCWG-Accountability-WS2 – Plenaries, ICANN meetings and Major US Holidays 2017-2018

Notes:

- US Holidays as listed because most staff are US based and as such will not be available to support calls on those dates.
- Dates listed as **OPTIONAL** – we are moving to a one plenary call per month strategy where we will try to hold CCWG-Accountability plenaries the last practical Wednesday of each month (keeping to the rotation of the three standard time slots). However monthly calls may not be sufficient in certain cases. As such we have reserved a mid-month date in each month for an **OPTIONAL** Plenary. Should it be necessary to hold a plenary on that Optional date the list will be advised at least two weeks ahead of time.
