The ICANN Business Constituency (BC) <u>supports</u> the proposed amendment to the <u>IANA Naming Function Contract</u>:

Article VII, Section 7.1 (a):
This statement, "The relevant policies under which the changes are made shall be noted within each monthly report," be removed from the contract as it is a legacy statement from the NTIA contract that is no longer required. Implementation of this requirement has long been recognized as being operationally impracticable ever since the time of the NTIA contract, and the IFRT is satisfied that its continued inclusion in the contract adds no value to the reports.
