

Dear Sinhala Generation Panel members,

Myanmar GP would like to congratulate on the complete work of the Sinhala LGR proposal.

We are currently developing the Myanmar Script LGR proposal. During the Sinhala and Myanmar cross-script variant analysis, Myanmar GP defines the following code points as confusable code points (not variant code points) and listed in the appendix of the Myanmar LGR proposal.

Confusable code Points

No.	Glyph	Code Point	Myanmar Character Name	Glyph	Code Point	Sinhala Character Name
1	꠵	U+1025	MYANMAR LETTER U	ඊ	U+0D8B	SINHALA LETTER UYANNA
2	꠵꠵	U+102C	MYANMAR VOWEL SIGN AA	උ	U+0DCF	SINHALA VOWEL SIGN AELA-PILLA
3	꠵꠵	U+1031	MYANMAR VOWEL SIGN E	ඌ	U+0DD9	SINHALA VOWEL SIGN KOMBUVA
4	꠵꠵꠵	U+1031, U102C	MYANMAR VOWEL SIGN AA, MYANMAR VOWEL SIGN E	ඌඋ	U+0DDC	SINHALA VOWEL SIGN KOMBUVA HAA AELA-PILLA

This is for your information, and if the Appendix of both Sinhala and Myanmar LGR have the same list, it could be useful for the user of these proposals.

We'd like to thank you for your good work. And we hope to have further collaboration with the Sinhala regarding the LGR proposals.

Best Regards,

Thin Zar Phyo

Myanmar GP Chair
