2 ICANN's Governance :

Target Outcomes	Comments
<p>Strategic goal 2.1 ICANN stakeholders collaborate to define a robust and well understood project and program prioritization model that is utilized by all.</p> <ul style="list-style-type: none"> • ICANN priorities reflect the community's collective needs <p>Comments:.</p> <ul style="list-style-type: none"> • Organizational and Specific Reviews effectively contribute to maintaining a healthy multistakeholder model 	<p>The most crucial item is the identification of real and elementary community needs based on bottom up Model which will help to reach consensus about new processes in acceptable duration.</p>
<p>Strategic goal 2.1: Policy development processes and cross-community working groups produce timely and relevant results.</p>	<p>Why limited to policy development cross-community working groups should also care about technical and financial aspects</p>
<p>Strategic goal 2.2: Supporting Organizations (SOs) and Advisory Committees (ACs) make timely and effective decisions that are in the global public interest.</p>	<p>Ensure that SO and ACs members are effectively representative of their respective communities.</p>
<p>Strategic goal 2.3 Representation across all stakeholders continues to reflect the evolving functional, geographic, and cultural diversity of the Internet.</p>	<p>Review the model to reduce decisions making cycle duration by engaging real and more specific community representative stackholder to avoid fictive stackholder. In all cases ICANN should have the ability to alternate between governance Models because in some cases(technical issue or in some regions where government is the main actor) the application of the multistakeholder it is a waste of time.</p>
<p>Strategic goal 2.3 Geographical presence and international strategy continues to effectively support ICANN's global community.</p>	<p>Activate the Review of Geographic Regions process to give the opportunity for emerging regions to have their own AC or SO structures Review membership process of some technical AC such SSAC and RSSAC in order to guarantee balance of regional representation in addition of technical skills.</p>
