The ICANN Geographic Region(s) in which the applicant is a citizen and a resident;

I am a resident and citizen of North America.

Identification of the GSNO stakeholder group, if any, to which the applicant feels most closely affiliated;

I am an active member of the Registrar Stakeholder Group.

An attestation that the applicant is able and willing to commit an estimated average of about ten hours per week during the review period, in addition to participating in face to face review team meetings;

I hereby attest that I am able and willing to commit at least ten hours per week during the review period, in addition to participating in face to face review team meetings.

Identification of any financial ownership or senior management/leadership interest of the applicant in registries, registrars or other entities that are stakeholders or interested parties in ICANN or any entity with which ICANN has a transaction, contract, or other arrangement;

I have financial interests in two ICANN Accredited Registrars and serve as IANA contact for a ccTLD.

Indication of whether the applicant would be representing any other party or person on the review team and, if so, identification of that party or person;

I would be solely representing myself as part of the review team.

A two to three paragraph statement about the applicant's knowledge of the GNSO community's structures and operations and any participation therein;

I have been intimately in DNS policy development since White Paper discussions in 1998 and ICANN's formation in 1999; attending 31 of the ICANN meetings. I have been active in the Registrar Stakeholder Group and follow the activities of all GNSO working groups.

I have served on several ICANN working groups and committees including: the Vertical Integration Working Group, the Zone File Access Working Group, and the Trademark Clearinghouse Implementation Advisory Group.

With my tenure at ICANN, I have interacted with members of all of the stakeholder groups and constituencies, from Business and ISPs, to Non-Commercial Users, to Intellectual Property, to the country-code supporting organization and the Government Advisory Council. I also serve on the Internet Committee of the International Trademark Association.

A one to two paragraph statement about the applicant's specialized technical or other expertise of direct relevance to the responsibilities of the review team in question.

I was trained as an engineer, with a master's degree from the Massachusetts Institute of Technology (MIT). My career has included the development of complex technical and large-scale data management systems as well as systems consulting in a wide variety of industries. I have experience in corporate governance, both in the US and the UK (where I served on the Board of Directors of a publicly-listed company).

I also have in-depth expertise in all Registrar and DNS technologies and contractual compliance requirements for ICANN.

Although not an applicant for a new gTLD, I am well-versed in the gTLD Applicant Guidebook and have served on an ICANN panel to explain sections to meeting attendees.
