Design Team X	RFP Mechanism
Draft Transition Proposal Reference	III.A.ii (?) and section VI (?)
Summary Description	<p>One of the basic components of an internal or affiliate model is the possibility of an RFP process. Contract Co. type solutions and free standing solutions would not require this mechanism, though they might have similar mechanisms of their own.</p> <p>This seems to be a gap in our current work .</p>
Detailed description	<p>Propose a mechanism including:</p> <ul style="list-style-type: none"> ● What triggers the RFP Mechanism> <ul style="list-style-type: none"> ○ What escalation processes result in the trigger? ○ Who participates in the trigger? ○ Are there several possible triggers? ● How is the RFP mechanism work organized? ● Who participates in the RFP mechanism? ● How is community involved? <ul style="list-style-type: none"> ○ Are comment periods enough? ● How is the selection of a provider determined? ● Which CCWG mechanisms/powers would it rely on?
Proposed Membership	<ul style="list-style-type: none"> ● Good to include people who have done (created, administered, and/or participated &c, in) RFPs before. ● Graduates of DT-{C, F, L, M, N}
Proposed by / Lead	Avri Doria, Matt Shears /
Status	Step 0
Determination by CWG Chairs	work to be done in ...
