# **Drilling for Data Elements**

### **Define the ICANN purpose**

#### **Principles:**

- -Clear & specific, avoid being over broad
- -Well defined to ease the connection of processing activities to data elements
- -Appropriate rationale understanding Mission/Bylaws, contractual arrangement and picket fence, mission

### **Define the Processing Activities**

**Processing Activity:** 

**Responsible Party/Role:** 

Lawful Basis:

-Collection

-ICANN, Registry, Registrar

-Is the processing necessary to achieve the purpose?

-Transmission

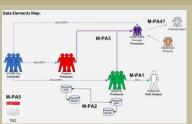

-Controller, Processor

-6.1(b), 6.1(f), 6.1(a)

- -Disclosure
- -Retention

## **Inventory Data Elements**

- -Data Element Map
- -Data Field Matrix
- -Required
- -Optional
- -Not Required
- -Publication/Redaction
- -Consolidated
