Dear All,

In relation to item 4 on the SCI agenda (deferral of motions), please see below and attached the information gathered by the GNSO Secretariat on the practice of deferrals since the beginning of the bi-cameral Council (October 2009).

With best regards,

Marika

**Subject:** Motion deferrals

Dear Marika,

Please find the list of meeting deferrals attached. (We tried a number of formats and decided that this was the clearest display)

The deferrals start from the beginning of the Bi-cameral Council in Seoul, 28 October 2009.

**22 deferrals in two (2) years in (7) seven months.**

4 motions were deferred a second time

1 motion was deferred a third time

**Type of motions:**

2 Administrative

1 Approve Interim report

3 Approve Issues Report

3 Approve Final Reports

2 Approve Draft Charter

1 Approve Working Group Principles

4 Extending Timelines

1 Initiate Policy Development process (PDP)

1 Response to board Resolution

1 Request to change to Module 2 of the Draft Applicant Guidebook

2 WHOIS Studies

We have noted the trend which was started but not carried on, proposing a motion for discussion before the motion is officially proposed for a Council vote.

09 June 2011: **Inter-Registrar Transfer Policy Part B Working Group**

Type of motion: presented for discussion only on the Adoption of the IRTP Part B Final Report and Recommendations

Please let me know if you need more information and if you want it in some tabular form.

Thank you.  
Kind regards,
