WT5 wiki- GNSO Landing page

The screenshot displays the GNSO Wiki landing page. At the top left, the text "GNSO" is visible. To the right, there are navigation buttons: "Category Users", "Edit Dashboard", "Invite Users", "Create Space", and a blue "Create" button with a dropdown menu icon. Below the navigation is a search bar with the placeholder text "Search the GNSO Wiki".

On the left side, there is a "Spaces" section with a list of categories:

- > GNSO Council
- > GNSO Resources, Procedures, Tools, and Forms
- > GNSO Working Groups/Drafting Teams/Steering Commi...
- > Joint SO/AC Working Groups
- > Implementation Review Team (IRT)
- > Houses/Stakeholder Groups/Constituencies
- > Archived Wikis

At the bottom left of this section is a "Create a space" button.

The main content area on the right is titled "Activity Stream" with a "Filter: OFF" button. It contains a list of activity items:

Work Track 5: Geographic Names at the Top-Level

Created by Steve Chan, last modified by Emily Barabas 9 minutes ago

Work Track 5 will focus on developing proposed recommendations regarding the treatment of geographic names at the top-level.

A meeting was held at ICANN60 to lay the groundwork for Work Track 5. You can access recordings and transcripts from the session [here](#).

i To learn more about joining Work Track 5, please see the [Call for Volunteers](#).
To sign up for Work Track 5, please use this [form](#).

Work track 5 Mailing lists

Two different mailing lists

- ⦿ gns0-newgtld-wg-wt5@icann.org : Discussion mailing list. Accessible to reading by members and observers. Only members can post to it. Call details must NOT be sent here.
- ⦿ ntfy-gns0-newgtld-wg-wt5@icann.org: Dial in information diffusion list. Accessible to reading by members only. Only staff support can post to it.

If you wish to change your status to either observer or member, please email the GNSO Support staff: gns0-secs@icann.org

Mailing list etiquette

- ⦿ Subject line should be clear. This makes it easier for members to search and respond to the thread.
- ⦿ Remember to sign with your full name
- ⦿ Be mindful of inbox overload
- ⦿ When quoting a previous email, copy selected passage only, not the entire email
- ⦿ Message to the entire list should only be sent when it contains information that is beneficial to everyone. Messages such as “thanks for the information” or me too” should be sent to individuals rather than the entire list.
- ⦿ Administrative messages such as dial out requests, apologies or Statement of Interest issues should not be sent to the entire list
- ⦿ Do not hesitate to ask questions or comments!

GNSO Statements of Interest (SOI)

Created by admin, last modified by Nathalie Peregrine on Jul 31, 2017

You have reached the main repository for GNSO Statements of Interest (SOI).

› [Click here if you DID NOT login successfully to this Wiki site with an ID and Password](#)

As per the [GNSO Operating Procedures](#), Chapter 5, the definition of Statements of Interest is "A written statement made by a Relevant Party that provides a declaration of interests that may affect the Relevant Party's judgment, on any matters to be considered by the GNSO Group." Statements of Interest (or SOI) are a mandatory requirement for any GNSO Working Group member (See section 5.3.1 of the GNSO Operating Procedures) and are published here on the GNSO Statement of Interest wiki space which is publicly accessible. GNSO Support staff are on hand to assist if members run into difficulties completing their statements.

I want to:

- ★ [Create a New SOI page](#)
- ★ **Update my SOI page:** Click on your name from the left navigation menu (New SOIs), then use the <Edit Contents> menu option (next to Create)
- ★ Check to see if an **Old SOI** exists before the new GNSO format was approved (2011 or earlier)

 - ◎ ICANN Expected Standards of Behavior

ICANN EXPECTED STANDARDS OF BEHAVIOR

Act in accordance with ICANN's Bylaws. In particular, participants undertake to act within the mission of ICANN and in the spirit of the values contained in the Bylaws.

Adhere to ICANN's conflict of interest policies.

Facilitate transparency and openness when participating in policy development and decision-making processes.

Conduct yourself in accordance with ICANN policies.

Work to build consensus with other stakeholders in order to find solutions to the issues that fall within the areas of ICANN's responsibility. The ICANN model is based on a bottom-up, consensus driven approach to policy development. Those who take part in the ICANN process must take responsibility for ensuring the success of the model by trying to build consensus with other participants.

Act in a reasonable, objective and informed manner when participating in policy development and decision-making processes. This includes regularly attending all scheduled meetings and acting in the best interest of Internet community, irrespective of personal interests and the interests of the entity to which an individual might owe their appointment.

Protect the organization's assets and ensure their efficient and effective use.

Act fairly and in good faith with other participants in the ICANN process.

Listen to the views of all stakeholders when considering policy issues. ICANN is a unique multi-stakeholder environment. Those who take part in the ICANN process must acknowledge the importance of all stakeholders and seek to understand their points of view.

Treat all members of the ICANN community equally, irrespective of nationality, gender, racial or ethnic origin, religion or beliefs, disability, age, or sexual orientation; members of the ICANN community should treat each other with civility both face to face and online.

Promote ethical and responsible behavior. Ethics and integrity are essential, and ICANN expects all stakeholders to behave in a responsible and principled way.

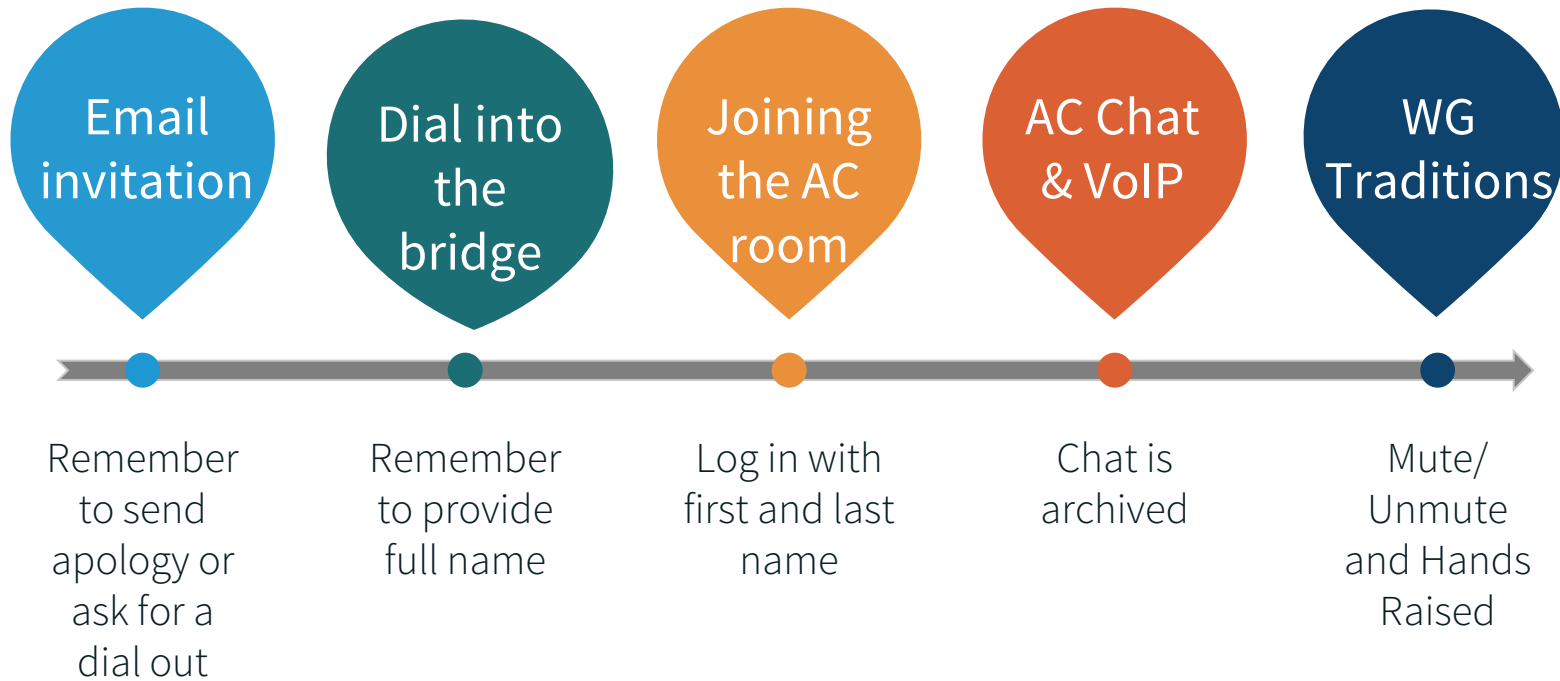

Support the maintenance of robust mechanisms for public input, accountability, and transparency so as to ensure that policy development and decision-making processes will reflect the public interest and be accountable to all stakeholders.

Adobe Connect Audio

- 1- By dialing into the audio bridge, with the usual numbers and passcodes found on the email invitations
- 2- By activating your computer microphone via the Adobe room. (Using a headset is preferable here)
 - Make sure your microphone is not on mute.
 - Select the TELEPHONE ICON at the top of the AC toolbar and choose CONNECT MY AUDIO (only option).
 - Select USING COMPUTER twice
 - Select ALLOW access to the ICANN adobe room
 - the TELEPHONE ICON at the top of the toolbar should then have changed into a MICROPHONE ICON
 - You may click on this MICROPHONE ICON to mute yourself (Icon will then have a line through it) and to unmute yourself (Line disappears)

ALWAYS have your microphone/telephone on MUTE as default setting.
