Subject: FW: [gnso-rds-pdp-wg] RDS PDP Call Action Item - WG Membership Review

Dear Members of our Review Team,

We need to update Leadership team about our consensus on review of expertise.

Assimilating from our correspondence on the matter, I believe we all agree on below points. Please respond if you want to change anything here so that we can inform leadership team accordingly and discuss this in next meeting tomorrow.

1. We agree to using Zoomerang poll.
2. We can request poll to invite members to select (one or more) category nearest to their expertise . Based on results of poll, we consider if any expertise is missing and steps to fill that gap, if any.
3. Below are categories-
 - Legal
 - IP
 - criminal
 - civil
 - Technical
 - Protocol development
 - Security
 - Audit
 - Data protection
 - Operational
 - Registrar
 - Registries
 - Commercial/e-business
 - Non commercial/not for profit
 - Government advisory
 - Law enforcement
 - Police
 - Investigators
 - courts
 - Individual internet user

As I had mentioned in my previous mail, I have to attend a family wedding tomorrow and may not be able to join the meeting tomorrow but If I am able to return before meeting finishes, I will join in discussion. All the best for tomorrow !
