#	RESPONSES	DATE
1	All are clearly very well qualified, but I think Donna would be best because she's CPH (while Heather is NCPH) and has proven experience in the GNSO. Flip is excellent but IPC, same as Heather, and Chris will perhaps be more in the ccNSO/Board mindset than that of the GNSO.	4/7/2021 12:39 PM
2	I wish all 3 candidates could be selected. They all have outstanding profiles, however, the essay Flip Petillion added to his application gives him an added advantage over the others.	4/6/2021 11:07 PM
