DRAFT FOR DISCUSSION

Procedure for Amending IANA Naming Service Levels

Process for Amending the IANA Naming Service Level Agreements

The following procedure for amending IANA Naming Service Level Agreements (SLAs) has been developed and agreed to by the Customer Standing Committee (CSC), ICANN and PTI. These procedures are developed to enable timely amendments to service levels that fall into a number of defined categories.

The SLAs are enforceable by ICANN through the IANA Naming Functions Contract it holds with PTI. None of the requirements in the procedure for amending IANA Naming SLAs override any obligations within the IANA Naming Functions Contract. Pursuant to that agreement, PTI's obligations to consult or notify ICANN are not modified through this procedure for amending IANA Naming SLAs.

The procedure for amending IANA Naming SLAs may be reviewed at the request of the CSC, ccNSO Council, RySG or GNSO Council, PTI or ICANN. The review will be conducted by the CSC, PTI and optionally ICANN.

I.   **Determining that a SLA needs amending**

1. An IANA Naming Function SLA change request may come from the CSC, ICANN or PTI. The change request, along with reasoning for the change, must be distributed to the parties.
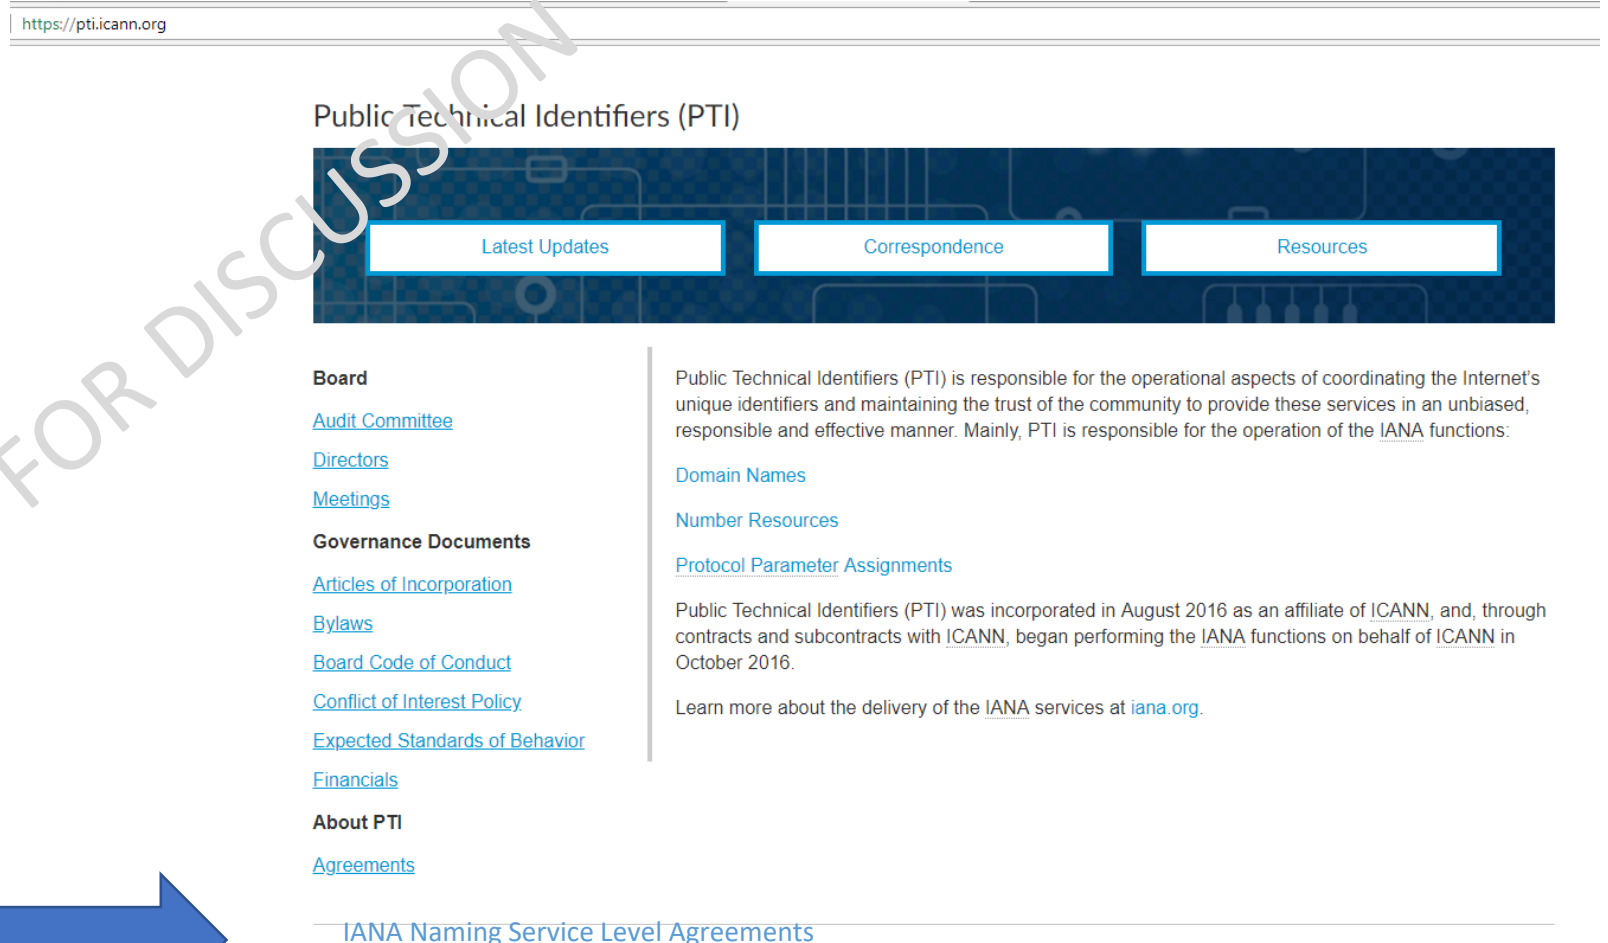

Note: continue scrolling to view full procedure

HOW TO NAVIGATE TO IANA NAMING SERVICE LEVEL PAGE

There will be links to the IANA Naming SLAs from the main menu of both the PTI and the CSC webpages. In addition, the Amendment Procedure will have a link on the CSC's "Other Procedures" page that currently has a link for the Remedial Action Procedures

1. From PTI's webpage, on the left hand menu: pti.icann.org

2. From the CSC's webpage, on the left hand menu
