Subject: Kannada in LGR3 - test result

Dear Pavanaja,

As the RZ-LGR-3 was released for public comment on 25 April 2019. We ran the test for the integrated Kannada LGR and compared the result with the test result from the final proposal. Please find the test result and please the comparison files as attached.

In general, the validating results are the same. There are only changes in some of the WLE rule name e.g. remove the word 'only'.

Kindly review and if you or NBGP could provide the feedback via the public comment platform, it would be very useful.

Best Regards,
Pitinan
