5. Mahfus Majumder
6. Mamun Or Rashid
7. Mohamad Abdul Haque
8. Rajib Chakraborty
9. Udaya Narayana Singh

Staff:

1. Pitinan Kooarmornpatana
2. Sabrina Lim
3. Samiran Gupta

### Meeting Notes

#### 1. Updates from Bangladeshi team

Bangladeshi team sent queries to ICANN staff regarding the IDNA standard modification. In consultation with the IP, ICANN staff responded and the GP discussed on a specific item about normalization.

It was confirmed that in the root-zone, there is only one way to store a string which is the normalized form. This should address the inconsistency concerns.

#### 2. Discussion how to move forward

Bangladeshi team tented to agree with the IP suggested solution. The team needed some time to confirm with Bangla community and will response in writing by 14 October 2019.

It was communicated that to have a meaningful engagement during ICANN66, the IP requested all GPs to share the updated proposal by 10 October 2019. The GP requested ICANN staff to communicate to the IP for four-days extension for Bangla. The submission date was set on 14 October 2019.

#### 3. Next meeting: 14 October 2019, 10:00 Dhaka time.

### Action Items

S. No.	Action Items	Owner
1	<i>Share Bangladeshi response to all NBGP members</i>	Mamun
2	<i>Inform the IP about the submission timeline</i>	PK
