## Agenda Item #5

- Clarification on sessions at policy meetings.
- As the Engagement Session is not being facilitated or led by an SO/AC group, ICANN org will submit a simple request for an engagement session.
- However, there are two other types of session types that require specific requests:
  - **Cross Community Topic Session:** A session on an important topic of interest which encourages community involvement and participation from all groups; Session is facilitated by at least two or more SO/AC/SG/C groups.
  - **High Interest Topic Session:** A session on an important topic of interest led by a single SO/AC/SG/C group.
