Interested in learning about the final report and recommendations of the Registration Directory Services Review Team (RDS-WHOIS2) Review? Join the (RDS-WHOIS2) Review Team at ICANN64 to hear their findings and recommendations and have the opportunity to ask questions.

This session is your opportunity to ask questions and receive clarifications on the Final Report and recommendations. Community participation is key to the success of a review, so please share your unique input and perspective on the final recommendations of the RDS-WHOIS2 Review Team.

Background

The RDS-WHOIS2 Review Team recently submitted its Final Report and Recommendations to the ICANN Board of Directors. The report is now issued for public comment to inform Board action on the RDS-WHOIS2's final recommendations.

The review team will provide an overview of the findings that led to its xx final recommendations.

The Registration Directory Service Review, formerly known as "WHOIS" (RDS-WHOIS2) is mandated by the ICANN Bylaws. The scope of its work includes assessing how implementation of the First WHOIS1 Review Recommendations were carried out, as well as assessing the effectiveness of the gTLD Registry Directory Service and whether its implementation meets the legitimate needs of law enforcement, promoting consumer trust and safeguarding registrant data.
