

For Best Audio: Join via Telephone Using Dial-Out

Connecting via the audio bridge is always preferable to the AC audio connection.

Upon logging into Adobe Connect, a pop-up window will appear for the AC to call your phone. This preferred method will assure the best audio for the meeting.

Join Audio Conference

How would you like to join the meeting's audio conference?

Dial-out [Receive a call from the meeting]

+1 (USA) 310-111-11111

Dial-in to the Audio Conference via Phone

Using Microphone (Computer/Device)

Join Listen Only

After 2 background noise occurrences, staff will mute the offending line (either Telephone or Adobe Connect).

After two failed attempts to speak over the audio, participants will be invited to type their comments in the chat or take them to the mailing list.

PLEASE ALWAYS MUTE WHEN NOT SPEAKING!
***6 to mute and *6 to unmute**

ICANN63

Agenda item #2

- **Engagement Session:**

Questions received were from Kathy Kleiman:

- *“...Registrant data should be correctable, deletable (if you withdraw your consent), there should be short retention periods, that there is also concern about escrow, customers have to know about breach, and wondered whether these concerns are reflected in the report and the recommendations?”*
- Also shared concerns that the review team might add new recommendations in the final report following public comments received, and that there would be no occasion to comment on them.
- Asked whether the review team has *“looked at anonymous complainers through the WHOIS process, whether there is a pattern of harassment, and what people can do if registrants feel they are being harassed through WHOIS comments and complaints?”*
