The SSR2 Review Team undertook the following during this session:

**1. Welcome, roll call, SOI updates**

See attendance record above. No SOI updates provided.

**2. Confirm agreement with the existing set of recommendations (see [Google doc](#))**

The team discussed moving recommendation 3 to the bucket of 'SSR1 recommendations', agreeing that it can be moved for now but should be revisited.

Russ asked review team members if they had any concerns about any of the other recommendations in the document. Team members noted none on the call, but also noted that it would be useful to see all the recommendations in a clean document. Heather pointed the team to the [clean document](#) she has created for this purpose, which will be used in Montreal for discussions.

**3. AOB**

None raised.

**4. Confirm action items / decisions reached**

No action items or decisions recorded.

Consensus reached on decisions/action items: No
