

Notes: UASG Coordination Call 2017-08-30 – 22:00 UTC

Version 2017-08-31

1. Attendance: Dennis Tan, Elaine Pruis, Lars Steffen, Tex Texin, Christian Dawson, Ram Mohan, Michael Palage
2. Review of Notes from May 23 2017 meeting: No comments. To be published
3. Project Reviews
 - a. **Don to publish draft documents to UA-Discuss** list and allow one week for comments.
 - b. **Don to add note to Browser Review** noting comments received from one of the browser developers
 - c. Website review to be conducted annually – with a discussion at the time as to whether to review the same websites or a different set.
 - i. Methodology available for others who might want to perform similar tests.
 - d. Quick Guide to EAI to acknowledge concern over handling of script variants.
4. Comms discussion deferred until the Abu Dhabi meeting to garner a larger group
 - a. Identifying a much narrower target audience – do we do this and if so how
 - b. How to address the UA Ambassador issue
5. Generally positive view that additional resources as outlined in the UASG Structure Review document would be beneficial.
6. UA in Hong Kong – Give up on the December date because of the uncertainty of the availability of the Chinese participants. **Don to look for dates in January** – with Hong Kong still the preferred locale.
7. Programming Language Evaluation and Mitigation
 - a. We agreed to continue with this effort.
 - b. While we seek out a Bug Bounty manager, we'll re-open our contracted resolution approach. **Don to action**
8. Video Help Wanted advertisement to be issued. **Don to Action**
9. UA Certification Process – generally feeling that it is still too early to pursue this.
10. Other
 - a. Automated Evaluation Tool – This is currently with ICANN IT. **Don to Pursue.**

Actions:

- A. **Don to publish draft documents to UA-Discuss.** *Done*
- B. **Don to add note to Browser Review** noting comments received from one of the browser developers
- C. **Don to look for dates in January.** We'll re-open our contracted resolution approach. **Don to action**
- D. **Video Help Wanted advertisement to be issued.** **Don to Action**
- E. **Automated Evaluation Tool – This is currently with ICANN IT.** **Don to Pursue.**
