

CSC Findings of IANA Naming Function Performance Report for the Month of January 2023

Date: 22 February 2023

Overall finding

The CSC completed review of the January 2023 IANA Naming Function Performance Report and finds that PTI's performance for the month was:

Satisfactory – PTI met the service level agreement for 98.4% of defined metrics. Missed service level agreements were satisfactorily explained, and not an indication of a persistent issue:

System Availability - Directory Service (WHOIS Availability)

Metrics that the CSC is tracking closely

Currently, there are no metrics requiring close tracking.

SLA metrics that are in the process of being changed

Currently, there are no SLAs in the process of being changed.

Report of escalations

No new escalations were received during the reporting period.
