1. Welcome, roll call - Matt

See attendance record above. Anne noted her appointment to the GNSO Council as the NomCom non-voting representative.

2. Comparison of Proposed Alerting and Data Collection Techniques - Casey

Casey presented slides and led a discussion intended to help the group understand the technical differences and risks/benefits of the different assessment mechanisms (controlled interruption, active collision assessment, passive collision assessment) that have been discussed. Slides are available on the meeting wiki page and on Google drive [here](#).

Jeff reminded the group of information he's shared with the list previously, which he encouraged people to review for possible incorporation. See the list [here](#) and [here](#).

3. AOB

None raised.

4. Summary of action items and decisions

As a next step, Heather will work to include the information discussed during the meeting in the draft Study 2 report.
