Subject: Proposed Amendment to the State of Victoria's Registry-Registrar Agreement

Dear Ms Papac,

Pursuant to clause 2.9(a) of the Registry Agreement executed between ICANN and the State of Victoria, the State of Victoria requests approval to make changes to its Registry-Registrar Agreement.

The changes being sought are to:

- clarify the order of precedence in the event of inconsistencies between the provisions of the Registry-Registrar Agreement and the published policies;
- remove ambiguity in relation to premium name pricing by removing redundant text; and
- resolve minor typographical errors.

The State of Victoria respectfully requests prompt review and approval in accordance with the procedures found at: <https://www.icann.org/resources/pages/rra-amendment-procedure-2015-04-06-en>. In compliance with these procedures, we have attached a 'redline' version showing the proposed changes to the current form of Registry-Registrar Agreement.

We look forward to receiving ICANN's response as prescribed by the review and approval procedures.

Should you have any questions or require further information, please do not hesitate to contact me directly.
