EXHIBIT A

.COM REGISTRY-REGISTRAR AGREEMENT: SUMMARY OF CHANGES

Section	Revised Language	Explanation
Title	.COM Registry-Registrar Agreement (5 July 2012)	Placeholder for new date
Preamble	This Registry-Registrar Agreement (the "Agreement") is entered into by and between VeriSign, Inc., a Delaware corporation, with a place of business located at 12061 Bluemont Way, Reston, VA 20190, and its wholly owned subsidiaries, including VeriSign Information Services, Inc. ("VIS") and VeriSign-Naming and Directory Services LLC ("VNDS LLC") (collectively, "Verisign"), and, a, with its principal place of business located at("Registrar"), through their authorized representatives, and takes effect on the date executed by the final Party (the "Effective Date"). Verisign and Registrar may be referred to individually as a "Party" and collectively as the "Parties."	Modification to reflect the 2013 merger of VeriSign Information Services, Inc. into VeriSign, Inc. as the successor in interest
Section 1.2 [NEW]	<u>"Data Processing Addendum" or "DPA" means the Data</u> <u>Processing Addendum, a copy of which is attached as Exhibit</u> <u>C to this Agreement, as such addendum may be updated by</u> <u>Verisign from time to time in accordance with this Agreement.</u>	Definition added to reflect the inclusion of a new Data Processing Addendum as Exhibit C
Section 1.8 [formerly Section 1.7] [NEW]	"Personal Data" refers to <u>any data about any-information</u> related to an identified or identifiable natural person.	Definition modified to reflect the definition of "Personal Data" in the Temporary Specification
Section 1.9	"Processing", "Processed" or "Process", when capitalized herein, means any operation or set of operations which is performed on Personal Data or on sets of Personal Data, whether or not by automated means, such as collection, recording, organization, structuring, storage, transfer, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.	Definition added to reflect definition of "Processing" in the GDPR/Temporary Specification

Section 1.11	"Registered Name Holder(s)" means the holder(s) of a Registered Name.	Definition added to define a previously referenced (but undefined) term
Section 1.12 [NEW]	"Registrar Accreditation Agreement" means that certain Registrar Accreditation Agreement between Registrar and ICANN pursuant to which ICANN has accredited Registrar to act as a registrar for one or more TLDs.	Definition added to define a previously referenced (but undefined) term
Section 1.14 [NEW]	"Shared Personal Data" has the meaning given to it in the Data Processing Addendum.	Definition added to the DPA to address the distinction between Personal Data provided to Verisign and Personal Data maintained solely by the Registrar
Section 1.16 [formerly Section 1.11]	The "System" refers to the <u>multiple shared registration</u> registrar system operated by Verisign for registration of Registered Names in the Registry TLD.	Definition updated to eliminate outmoded terminology for Verisign's Shared Registration System (or "SRS")
Section 2.5 [NEW]	Data Submission Requirements. As part of its registration and sponsorship of Registered Names in the Registry TLD, Registrar shall submit complete data as required: (a) or permitted by Verisign's Registry Agreement with ICANN concerning the operation of the Registry TLD, as may be amended from time to time; and (b) by technical specifications of the System that are made available to Registrar from time to time. Registrar shall submit any corrections or updates from a Registered Name Holder relating to the registration information for a Registered Name to Verisign in a timely manner.	Section updated to clarify the scope of data submission requirements and achieve consistency with the Registrar License Grant in Section 2.6
Section 2.6 [NEW]	License. Registrar grants Verisign as Registry a non- exclusive, royalty-free, nontransferable worldwide limited license to the data elements consisting of the Registered Name, the IP addresses of nameservers, the identity of the registering registrar, and other data required or permitted by technical specifications of the Registry System as made available to Registrar by Verisign from time to time: (a) for propagation of and the provision of authorized access to the TLD zone files-or, (b) as otherwise required or permitted by Verisign's Registry Agreement with ICANN concerning the operation of the Registry TLD, as may be amended from time	Section updated to clarify the scope of Registrar's license to Verisign extends to the data submitted to Verisign for the purposes set forth in the Data Processing Addendum

	to time, and (c) for the purposes set forth in the Data Processing Addendum	
Section 2.7(a)	Processing Addendum.Registrar's Registration Agreement and Domain Name Dispute Policy.(a) Registrar shall have in effect an-a valid and enforceable electronic or paper registration agreement with the Registered Name Holder which may be 	Section modified to clarify that the Registrar's registration agreement with the Registered Name Holder must be valid and enforceable
Section 2.7(b)(i)	2008 and as each may be amended from time to time. In its registration agreement with each Registered Name Holder, Registrar shall require such Registered Name Holder to: (b) Registrar's registration agreement with each Registered Name Holder shall also include the following: (i) a provision prohibiting the Registered Name	Subsection added to address concerns raised by the ICANN community
	Holder from distributing malware, abusively operating botnets, phishing, pharming, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise engaging in activity contrary to applicable law and providing (consistent with applicable law and any related procedures) consequences for such activities, including suspension or deletion of the registration of the Registered Name;	with respect to the identified issue
Section 2.7(b)(ii)	(ii) a provision that requires the Registered Name Holder to acknowledge and agree that Verisign reserves the right to deny, cancel, redirect or transfer any registration or transaction, or place any domain name(s) on registry lock, hold or similar status, as it deems necessary, in its unlimited and sole discretion: (1) to comply with specifications adopted by any industry group generally recognized as authoritative with respect to the	Subsection modified to provide Verisign with the necessary flexibility to comply with the law and address security and stability threats

		Internet (e.g., RFCs), (2) to correct mistakes made by Verisign or any Registrar in connection with a domain name registration, or-(3) for the non-payment of fees to Verisign <u>s</u> ; and (4) to protect against imminent and substantial threats to the security and stability of the Registry TLD, Registry System, Verisign's nameserver operations or the DNS, (5) to comply with applicable law, government rules or regulations or pursuant to any legal order or subpoena of any government, administrative or governmental authority, or court of competent jurisdiction, (6) to stop or prevent any violations of any terms and conditions of this Agreement or Verisign's Registry Agreement with ICANN, and/or (7) to protect the rights of Verisign and/or avoid any potential or actual liability, civil or criminal, on the part of Verisign or its affiliates, subsidiaries, officers, directors, representatives, employees, contractors, and shareholders;	
Section 2.7(b)(iii)	<u>(iii)</u>	a provision that requires the Registered Name Holder to submit to proceedings commenced under, and abide by all decisions made by panels in accordance with, the Uniform Domain Name Dispute Resolution Policy;	Subsection added to require mandatory Registered Name Holder compliance with UDRP
Section 2.7(b)(iv)	<u>(iv)</u>	a provision requiring the Registered Name <u>Holder to</u> indemnify, defend and hold harmless Verisign and its subcontractors, and its and their directors, officers, employees, agents, and affiliates from and against any and all claims, damages, liabilities, costs and expenses, including reasonable legal fees and expenses arising out of or relating to, for any reason whatsoever, the Registered Name Holder's domain name registration and use <u>thereof</u> . The registration agreement shall further require that this indemnification obligation survive the termination or expiration of the registration agreement; and	Subsection modified to clarify the scope of a Registered Name Holder's indemnification obligations

Section 2.7(b)(v) [NEW]	(v)clear and conspicuous language providing sufficient notice to the Registered Name Holder of Registrar's and Verisign's Processing of Shared Personal Data in a manner that meets all of ICANN's requirements in the Registrar Accreditation Agreement, as modified by any consensus 	Subsection added to require sufficient notice to Registered Name Holders regarding the Processing of the Registered Name Holder's Shared Personal Data by the Registrar and Verisign
Section 2.8	 Secure Connection. (a) Registrar agrees to develop and employ in its domain name registration business all necessary technology and restrictions to ensure that its connection to the System is secure. All data exchanged between Registrar's system and the System shall be protected to avoid unintended disclosure of information. Registrar shall employ commercially reasonable measures to prevent its access to the Registry System granted hereunder from being used to (i) allow, enable, or otherwise support the transmission by e-mail, telephone, or facsimile of mass unsolicited, commercial advertising or solicitations to entities other than its own existing customers; or (ii) enable high volume, automated, electronic processes that send queries or data to the systems of Verisign, any other registry operated under an agreement with ICANN, or any ICANN-accredited registrar, except as reasonably necessary to register domain names or modify existing registrations. (b) Each EPP session shall be authenticated and encrypted using two-way secure socket layer ("SSL") protocol. Registrar agrees to authenticate every EPP client connection with the System using both an X.509 server certificate issued by a commercial Certification Authority identified by the Registry and its Registrar password, which it shall disclose only to its employees with a need to know. Registrar agrees to notify Registry within four (4) hours of learning that its Registrar password has been compromised in any way or if its server certificate has been revoked by the issuing Certification Authority or compromised in any way. 	Section modified to add subsections
	(c) Upon prior written notification to Registrar, Verisign may require other industry standard security provisions, practices or technology to ensure that the Registry System	

	is secure and stable, which Verisign may adopt from time to time in its sole and complete discretion.	
Section 2.8.1	Handling of Personal Data.	Section modified to
[NEW]	The Parties shall comply with the Data Processing Addendum	reflect the addition
	with respect to the Processing of any Shared Personal	of the Data
	Data Verisign shall notify Registrar of the purposes for which	Processing
	Personal Data submitted to Verisign by Registrar is collected,	Addendum to the
	the intended recipients (or categories of recipients) of such	Agreement as
	Personal Data, and the mechanism for access to and correction	required by the
	of such Personal Data; Verisign shall take reasonable steps to	Temporary
	protect Personal Data from loss, misuse, unauthorized	Specification
	disclosure, alteration or destruction. Verisign shall not use or	
	authorize the use of Personal Data in a way that is	
	incompatible with the notice provided to registrars. Verisign	
	may from time to time use the demographic data collected for	
	statistical analysis, provided that this analysis will not disclose	
	individual Personal Data and provided that such use is	
	compatible with the notice provided to registrars regarding the	
	purpose and procedures for such use.	
	pulpose and procedures for such use.	
Section 2.8.2	Authorization Codes. Registrar shall not provide identical	Section modified to
	Registrar-generated authorization <authinfo> codes for</authinfo>	correct use of
	domain names registered by different registrants Registered	defined term and to
	Name Holders with the same Registrar. Verisign in its sole	conform to the
	discretion may choose to modify <authinfo> codes for a given</authinfo>	existing terms in the
	domain and shall notify the sponsoring registrar of such	.net Registry-
	modifications via EPP compliant mechanisms (i.e., EPP <poll></poll>	Registrar Agreement
	or EPP <domain:info>). Documentation of these mechanisms</domain:info>	
	shall be made available to Registrar by Verisign. The	
	Registrar shall provide the Registered Name Holder with	
	timely access to the authorization code. Registrar shall	
	respond to any inquiry by a Registered Name Holder	
	regarding access to and/or modification of an authorization	
	<u>code</u> along with the ability to modify the authorization code	
	within five (5) calendar days.	
Section 2.9	Domain Name Lookup Capability. Registrar agrees to	Section modified to
	employ in its domain name registration business Verisign's	reflect upcoming
	registry domain name lookup capability to determine if a	sunset of Registrars'
	requested domain name is available or currently unavailable	port 43 obligation
	for registration. Registrar also agrees, at its expense, to	
	provide an interactive web page and a port 43 a Whois service	
	providing free public query-based access to up-to-date (i.e.,	
	updated at least daily) data concerning all active Registered	
	Names sponsored by Registrar for the Registry TLD. The data	
	accessible shall consist of elements that are designated from	
	time to time according to an ICANN adopted specification or	
	policy or the Registrar Accreditation Agreement between	
	Registrar and ICANN.	
Section 2.10	Transfer of Sponsorship of Registrations. Registrar agrees	Section modified to
	to implement transfers of Registered Name registrations from	reflect recent

	another registrar to Registrar and vice versa <u>or from one</u> <u>Registered Name Holder to another</u> pursuant to the Inter- Registrar Transfer Policy as may be amended from time to time by ICANN (the "Transfer Policy").	updates to ICANN's Transfer Policy
Section 2.13	Resolution of Technical Problems or Breach of Agreement . Registrar agrees to employ necessary employees, contractors, or agents with sufficient technical training and experience to respond to and fix all technical problems concerning the use of the Supported Protocol, the APIs and the systems of Verisign in conjunction with Registrar's systems. Registrar agrees that in the event of significant degradation of the System or other emergency, or upon Registrar's violation of Operational Requirements or breach of this Agreement, Verisign may, in its sole discretion, temporarily suspend or restrict access to the System. Such temporary suspensions or restrictions shall be applied in a nonarbitrary-non-arbitrary manner and shall apply fairly to any registrar similarly situated.	Section modified to correct a typographic error
Section 2.14	 Prohibited Domain Name Registrations. In addition to complying with ICANN standards, policies, procedures, and practices limiting domain names that may be registered, Registrar agrees to comply with applicable statutes and regulations limiting the domain names that may be registered. Registrar further acknowledges and agrees that Verisign reserves the right to deny, cancel or transfer any registration or transaction, or place any domain name(s) on registry lock, hold or similar status, as it deems necessary, in its unlimited and sole discretion, for the purposes set forth in Section 2.7(b)(ii)(1)-(7) of this Agreement. 	Section modified to add Registrar acknowledgement and agreement corresponding to the Registered Name Holder's acknowledgement and agreement in Section 2.7(b)(ii)
Section 2.16 [NEW]	Accredited Registrar. During the term of this Agreement, Registrar shall maintain in full force and effect <u>the Registrar</u> <u>Accreditation Agreement and</u> its accreditation by ICANN as a registrar for the Registry TLD.	Section modified to reference the Registrar Accreditation Agreement
Section 3.1	License Grant. Subject to the terms and conditions of this Agreement, Verisign hereby grants Registrar and Registrar accepts a non-exclusive, royalty-free, nontransferable, worldwide limited license to use for the term and purposes of this Agreement the Licensed Product, as well as updates and redesigns thereof, to provide domain name registration services in the Registry TLD only and for no other purpose. The Licensed Product, as well as updates and redesigns thereof, will enable Registrar to register domain names in the Registry TLD with the Registry on behalf of its Registered Name Holders. Registrar, using the Licensed Product, as well as updates and redesigns thereof, will be able to invoke the following operations on the System: (i) check the availability of a domain name, (ii) register a domain name, (iii) re-register a domain name, (iv) cancel the registration of a domain name it has registered, (v) create, update and delete contacts, (vi)	Section modified to add operations associated with the provision of Thick Whois data to Verisign by Registrars

	associate contacts and nameservers with a domain name, (vii) update the nameservers of a domain name, (viii) transfer a domain name from another registrar to itself with proper authorization, (viiix) query a domain name registration record, (viiix) register a nameserver, (ixi) update the IP addresses of a nameserver, (xii) delete a nameserver, (xiii) query a nameserver, and (xivii) establish and end an authenticated session.	
Section 5.1(d)	The Registration Fees due under this Agreement are exclusive of tax. All taxes, duties, fees and other governmental charges of any kind (including <u>business</u> , levy, sales, turnover, services, use and value-added taxes, but excluding taxes based on the net income of Verisign) which are imposed by or under the authority of any government or any political subdivision thereof on the fees for any services, software and/or hardware shall be borne by Registrar and shall not be considered a part of, a deduction from or an offset against such Registration Fees. All payments due to Verisign shall be made without any deduction or withholding on account of any tax, duty, charge or penalty except as required by law, in which case, the sum payable by Registrar from which such deduction or withholding is to be made shall be increased to the extent necessary to ensure that, after making such deduction or withholding, Verisign receives and retains (free from any liability with respect thereof) a net sum equal to the sum it would have received but for such deduction or withholding being required.	Section modified to add business and levy taxes to the non-comprehensive list of taxes, duties and fees in response to prior Registrar inquiries regarding the topic
Section 6.1(h)	Survival. In the event of termination of this Agreement, the following shall survive: (i) Sections 2.6 (License), 2.7 (Registrar's Registration Agreement and Domain Name Dispute Policy), 2.8.1 (Handling of Personal Data), 6.1(g) (Effect of Termination), 6.1(h) (Survival), 6.2 (No Third Party Beneficiaries; Relationship of the Parties), <u>6.5 (Amendment in Writing)</u> , 6.6 (Attorneys' Fees), 6.7 (Dispute Resolution; Choice of Law; Venue), 6.8 (Notices), 6.10 (Use of Confidential Information), 6.11 (Delays or Omissions; Waivers), 6.12 (Limitation of Liability), 6.13 (Construction), 6.14 (Intellectual Property), 6.15(c) (Disclaimer of Warranties), 6.16 (Indemnification), and 6.17 (Entire Agreement; Severability); (ii) the Registered Name Holder's obligations to indemnify, defend, and hold harmless Verisign, as stated in Section 2.7(ba)(iv6); and (iii) Registrar's payment obligations as set forth in Section 5 with respect to fees incurred during the term of this Agreement. Neither Party shall be liable to the other for damages of any sort resulting solely from terminating this Agreement in accordance with its terms but each Party shall be liable for any damage arising	Section modified to update cross reference and to conform to the existing terms in the .net Registry- Registrar Agreemen
