2023 UASG Elections
Nomination for Vice-Chair

2023-04-04

Name: Nitin Walia

Bio/Statement of Interest:

My professional experience is in the field of information technology. I am a seasoned IT professional with over 23 years of experience and a focus on email, antispam, software, Internet technologies, and security. Presently, I am a Director in several Data Groups technology firms, including Data Xgen Technologies, which is well-known for developing the first fully EAI-ready email software and serving over 50 million email users worldwide. I am been advocating for UA, EAI & IDNs from past several years, has delivered multiple presentations, workshops on both national and international platforms.

I am a strong believer in emerging technologies and strong supporter of Universal Acceptance as well as the use of the local languages/Script on the Internet. I regularly attends ICANN Public Meetings, IGFs, APTLD etc. I was also on the NASSCOM Product Council & Part of India National Committee to develop a Model RFP template for Software Products under NPSP in India. I am also member of IGF 2023 Multistakeholder Advisory Group (MAG). I am also Vice Chair for EAI Working Group of the Universal Acceptance Steering Group (UASG), a group promoting UA initiatives globally.

As the voice for Universal acceptance and Email address Internationalization I am committed in spreading awareness of UA to make sure that UA is viewed as a necessary requirement. I also serves as the Universal Acceptance Senior Advisor for the various Communities, Network Alliances, helping to promote UA.

Universal Acceptance Steering Group

I have always been an active member and I am eager to learn, contribute, participate and help us all together as members to fulfil Universal Acceptance mission. I assure you that it is my priority to do everything to empower our community and its membership to realise true potential and engage effectively within the Universal Acceptance working.

With humbleness and honesty, I am dedicated to empowering everyone around me transferring them both my knowledge and experiences. I will always be inclusive, open and accessible to all of you and ensure participation and engagement. Everyone should experience the power of UA & EAI and together we make as many application possible which are Universal Acceptance ready.

Looking forward to work together to deliver more and reduce frictions across our community.

Currently I am is based in Jaipur, Rajasthan, India.
